Personnel Director

Refund of Duty on Automobile

25X1A

1. The request of [] for reimbursement of duty paid on an MG automobile purchased in [] was forwarded to this Office together with a letter to the Secretary of Treasury to be signed by me.

25X1A

2. Inasmuch as it is my belief that such action would be outside the jurisdiction of the Personnel Office, [] request was returned to the Office of the General Counsel for further consideration. It is my understanding that members of that Office have been in contact with [] and are advising him as to what action should be taken.

25X1A

25X1A

25X1A

3. If it becomes necessary to establish the fact that [] was employed by this Agency at the time that the automobile in question was shipped to the United States, this Office will be most willing to make such a certification based on Agency records, upon the approval of the Inspection and Security Office.
